

Proclamation

Whereas, it is important to bring attention to the critical lack of algebra education in this country, especially among high school students; and

Whereas, the Kenneth Everett Math Revolution courses provide parents with simple models to help teach their child math concepts that will provide a solid foundation in algebra; and

Whereas, the Kenneth Everett Math Revolution No Pencil, No Paper, No Calculator has made some algebra concepts so simple that anyone can and should start introducing these concept to children as early as age 3; and

Whereas, we all benefit when our children succeed and this method of teaching can contribute to slowing the dropout rate in our schools; and

Whereas, we thank Kenneth Everett for his work with students throughout the United States, especially in our area.

Now therefore, I, Eric Hogue, Mayor of the City of Wylie, Texas, on behalf of the Wylie City Council, and the citizens of Wylie, on this the 11th day of November 2014, am honored to hereby proclaim the month of November 2014, as,

**“Kenneth Everett Math Revolution
No Pencil, No Paper, No Calculator
Math Awareness Month”**

in Wylie, Texas.

Eric Hogue, Mayor

City of Wylie

State of Texas
