

Special Recognition

THE CITY OF PLANO

The Plano City Council Appreciates

KENNETH EVERETT MATH REVOLUTION (NO PENCIL NO PAPER NO CALCULATOR)

Whereas, the Kenneth Everett Math Revolution courses provide parents with simple models to help teach their child certain concepts that will provide a solid foundation in Algebra. The program assists with bringing attention to the crisis of educating individuals in algebra, especially high school students.

On this special occasion, we thank Kenneth Everett for his work with students throughout the United States, especially in our area. We all benefit when our children succeed and this method of teaching can contribute to slowing the drop-out rate in our schools.

*Therefore, I, Harry LaRosiliere,
Mayor of the City of Plano, Texas, do
hereby extend our gratitude on behalf of
the Plano City Council.*
